### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey McIntyre on July 1, 2009.

The application has been amended as follows:

In each of claims 7 and 16, delete "D-glucuronic acid, D-galacturonic acid, D-iduronic acid, N-acetyl-D-glucosamine and N-acetyl-C-galactosamine," delete the comma after "L-fucose" and insert the word "and" before "L-rhamnose," and replace the comma after "L-rhamnose" with a period.

### **DETAILED ACTION**

This office action is a response to Applicant's amendment submitted March 19, 2009, wherein claims 1, 5, 6, 7, 16, and 18-19 are amended and claims 8 and 17 are canceled. Claims 1, 5-7, 9, 12-16, and 18-24 are pending.

In the office action mailed May 27, 2008, the Examiner indicated that claims 1, 5-7, 9, 16, and 18-24 would be allowable if rewritten or amended to remove non-elected subject matter and to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph set forth in that office action.

In view of Applicant's amendment submitted March 19, 2009, the objection to claims 1, 5, and 6 for containing "glycoside" and "furanose" is withdrawn.

In view of Applicant's amendment submitted March 19, 2009, the rejection of claims 5-7, 9, 16, 18, and 19 under 35 U.S.C. 112, second paragraph, for indefiniteness with respect to insufficient antecedent basis for "furanose" in claims 5 and 6, and "mixtures thereof" in claim 18 and 19 is withdrawn.

Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 12-15, directed to the process of using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on January 23, 2007 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.0

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: The claimed compositions, comprising compounds of formulae I, II, or III, together with a physiologically acceptable medium, in the claimed concentrations, is not taught or fairly suggested by the prior art. In view of the information discussed above and the Examiner's amendment set forth above, the indicated subject matter is allowable over the prior art.

Accordingly, Applicant's amendment as discussed above is sufficient to remove all rejections made in the prior office action and to place the application in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LAYLA BLAND whose telephone number is (571)272-9572. The examiner can normally be reached on Monday - Friday, 7:00 - 3:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Anna Jiang can be reached on (571) 272-0627. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
